“And who is my neighbor?”

In reply, Jesus said “A man was going down from Jerusalem to Jericho, when he fell into the hands of robbers. They stripped him of his clothes, beat him and left him half dead.

Later, as he lay there ...a priest passed by on the other side...so, too, a Levite passed him by

...but a Samaritan ...took pity on him...and bandaged his wounds....and put the man on his own donkey and took him to an inn in Jericho and cared for him. The next day he took out two silver coins and gave them to the innkeeper: “Look after him, and when I return I will reimburse you for any extra expenses.”

Jesus asked “Which of these three was the neighbor to the man?”
